🪪 SUMMARY

React Native Developer with strong expertise in optimizing app performance and building reusable UI components. Skilled in cross-platform development for Android, iOS, and Web (PWA), with proficiency in React Native, Mobx, Redux, and React JS. I am experienced in creating efficient, scalable mobile apps.

🧠 SKILLS

Skill	Level	Skill	Level
React Native	● ● ● ● ○	Mobx	● ● ● ● ○
Jenkins	● ● ● ● ○	Mantis	● ● ● ● ○
Redux	● ● ○ ○ ○	Project Management	● ● ● ● ○
Native Android	● ● ○ ○ ○	Native iOS	● ● ○ ○ ○

💼 PROFESSIONAL EXPERIENCE

07/2023 – Present
Chennai, India

Zoho Corporation ⧉
React Native Developer
- **Modernized Code:** Refactored old code to improve app performance and make it easier to maintain.
- **Reusable UI Components:** Built scalable and reusable UI components to speed up future development.
- **App Optimization:** Improved app performance, reduced size, and enhanced responsiveness for better user experience.
- **Cross-Platform Development:** Developed apps for Android, iOS, and Web (PWA), ensuring consistent functionality across platforms.
- **Version Upgrade:** Upgraded React Native and dependencies to current versions for enhanced stability.
- **Build Flow:** Established an efficient build flow through structured methodology.
- **White Lable App:** Designed custom-build flows for white-label applications.

03/2022 – 07/2023
Chennai, India

GoFrugal Technologies ⧉
React Native Developer
- Developed **Mobile Applications** incorporating **PWA** support using **React Native**.
- Utilized **Jenkins** to streamline the build process & **Mantis** was used for bug tracking.

08/2021 – 03/2022
Madurai, India

Osiz Technologies ⧉
React Developer
- Worked as a React JS developer and learned concepts like Hooks and Redux.
- Served as the web developer for an innovative mobile application directly built through web interfaces.

📁 PROJECTS

02/2024 – Present

Mobile Store - Mobile App ⬀
React Native | Zoho
- I created a cross-platform app from the ground up, managing **API architecture**, **UI/UX decisions**, and **end-to-end build processes**.
- I have implemented payment systems **Zoho Pay** and analytics using **Zoho Apptics**.
- Streamlined build flow and integrated the internal and external build machines to improve build efficiency.
- Implemented the **Android & iOS Native SDK** integration for the signing page. I used Kotlin & Swift for it.
- Implemented **Native WebView** Handled for Payments in Mobile Store App Android & iOS

06/2023 – 02/2024

Mobile Store - PWA ⬀
React Native Web | Zoho
Led the development of reusable UI components and fully revamped the **Progressive Web App (PWA)** using **React Native Web** for better performance and scalability.

03/2022 – 06/2023

OrderEasy - Mobile App ⬀
React Native | GoFrugal Technologies
- Developed a cross-platform online ordering app based on the **GoFrugal POS system**.
- Built reusable UI components and implemented features like **Offers**, **Referral Programs**, and **Analytics** to enhance user engagement and reporting.

10/2021 – 01/2022

Fantasy Sports
React JS | Osiz Technologies
- Worked as a **React JS Developer** on a **Dream 11** clone, creating reusable components and refining the code structure.
- Implemented **Redux** for state management to improve data flow and scalability.

07/2021 – 07/2021

Disney+ Clone ⬀
React JS | Self
- Created a **Disney Plus** clone as a self-learning project to explore various technologies.
- Implemented **Firebase** for authentication and hosting, **Styled Components** for UI styling, and **Redux Toolkit** for state management.
